See what we print

What we print

Every model is printed to order. Tell us what you need and we will confirm size, finish and price.

Fighter jets

Full-scale aircraft for museums, exhibitions, film sets, themed venues and private collections.

Sizes: life size, or scaled down on request

Army vehicles

Tanks, armoured carriers and support vehicles printed in detail at full scale.

Sizes: life size, or scaled down on request

Other 3D prints

Display pieces, props, parts and custom one-off items. If you can describe it or send a file, we can print it.

Sizes: any, within build limits

How an order works

From first message to delivery, in four steps.

1

Tell us the brief

Share the model, size and where it will be used.

2

Get a quote

We confirm scale, finish, price and timeline.

3

We print

Large builds are printed in sections, then finished.

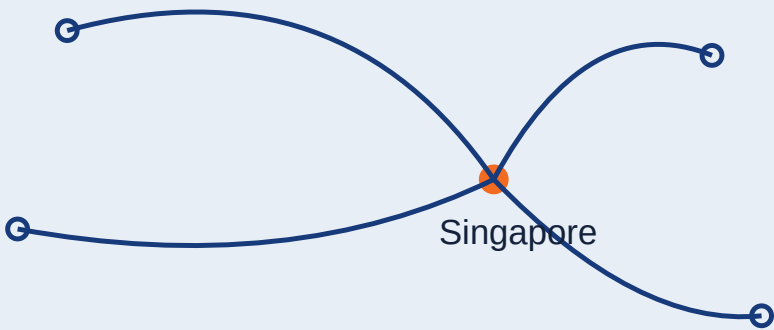

4

We ship

Packed and sent from Singapore to your door.

Made in Singapore. Shipped worldwide.

We deliver to any country. Add your destination to your quote request and we will include shipping in the price.

Tell us what you want to build

Send the model, the size and your delivery country. We will reply with a quote.
